SIGNATURE DELUXE FACIAL TREATMENT - £55

Prepare to ascend beyond ordinary skincare.

This facial treatment begins with a tranquil body scan meditation, accompanied by a sound shower to elevate your consciousness. A soothing scalp massage follows, melting away tension before the “fire and ice” facial works its magic.

By alternating hot and cold, we stimulate circulation and rejuvenate your skin, awakening its natural radiance.

This isn't just a facial; it's a gateway to the harmonious connection of mind, body, and spirit.

Organic, revitalising, and utterly transformative, this is the essential facial that transcends beauty and brings your whole being into balance.
